# Gillies Hill litter pick and grounds maintenance.

Please come and help at our litter pick and general maintenance session on the Gillies Hill on Saturday the 10th February. We will meet in the outdoor classroom which is the woodland next to the primary school from 10am until around 1pm.

Come prepared for the weather and mud! We will supply hot drinks, tools and rubbish bags where needed.

Membership forms for the Trust will be available on the day or you can apply on the web site. Volunteers will be available to give members an update on our progress towards our ownership of the hill.

All are welcome but children should be accompanied by an adult please.
